

CHANNEL OF HOPE for Child Protection

Bringing **Hope** for a Better World

What is Channel of Hope for Child Protection ?

is a programme methodology that **motivates** and **builds capacity** in **Faith Communities** to address harmful traditional practices toward children,

- to **support** and **advocate** for children's rights,
- to become **better child protectors**, and
- to ultimately **strengthen** the local child protection system

What is the Methodology?

SCRIPTURE-BASED GUIDING PRINCIPLES,
INTERACTIVE ACTIVITIES
SCIENTIFIC INFORMATION

It first engages our heart, helping us feel and experience the way that poverty, violence and injustice impacts us and those in our communities, especially the most vulnerable children.

It builds on the desire of faith leaders and communities to be better parents within their own families.

TESTIMONIALS

Leader of North Klasis GKI Tanah Papua

"I knew that children is important, and I want to create the Child Friendly Church. But actually, I didn't know how to make it happen. Now, It's clear enough for me: what Church and congregation must do"

Pastor in East Manggarai

"I have already realized that It's important to give spiritual nurture for children. Before, I think it's not necessary so our Church Programme were not focusing on it. But after this training my mind is changed. I will intentionally plan for children's programme, because they are the owner of God's Kingdom"

Pastor Michael, the Evangelical Christian Church in Halmahera

"Now churches have good understanding about children well-being and we can work together to protect children. We need to work together to protect children of our community"

Parenting with Love

Christian Family as a reflection of God's Love

What is the Process of Parenting with Love ?

Generations of families that are 'BROKEN'

JOURNEY

Generations of families that are 'WHOLE'

Addressing the Past

Recognizing the Present

Envisioning the Future

Pursuing our dreams

TESTIMONIALS

"There's one statement that change my perspective about 'stick'. Before, I think that stick is used to hit children, but I understand stick is used to protect children and lead them to God. From this moment, I committed to lead children as a shepherd and encourage other Sunday school teacher to become a Sunday school teacher without violence"

- Pauline Lololuan (45 years old, Sunday School teacher)-

What is the GOAL of Parenting with Love ?

Support the equipping of families so that they may create a safe and loving environment for their children's well-being and nurture

What is the Objective of Parenting with Love ?

- Gain a deeper appreciation of the role of families in the pursuit of children's spiritual nurture and well-being
- Broaden perspectives and understanding of the realities and contexts of families
- Understand the framework, processes and tools that can support families as they journey together towards wholeness
- Identify practical ways to equip, support and affirm families
- Increasing knowledge and skill in parenting

Jesus said, "Let the little children come to me, and do not hinder them, for the kingdom of God belongs to such as these."

Mark 10:14
