

World Vision International Nepal Factsheet - FY22

Our Goal (2021-2025)

To improve the well-being of 0.8 million children, in particular the most vulnerable ones.

What we will achieve by 2025

Increase in children who have positive and peaceful relationships in their families and communities

Increase in girls and boys protected from violence

Increase in children who are well nourished

Increase in primary school children who can read

About Us

World Vision is a child focused relief, development and advocacy organisation that has contributed to transformation in the lives of millions of children around the world in vulnerable situations. WVI aspires to achieve this through partnership with local communities, civil societies, government and private sectors where we believe in mutual participation and trust, shared vision and goal, accountability and responsibility. We are child focused organisation driven by Christian values to serve children and families regardless of their religion, age, gender, ethnicity, class and caste. World Vision International (WVI) Nepal is a part of the World Vision International global partnership operating in more than 100 countries. WVI started its long-term development programme in Nepal since 2001 to contribute for well-being of children.

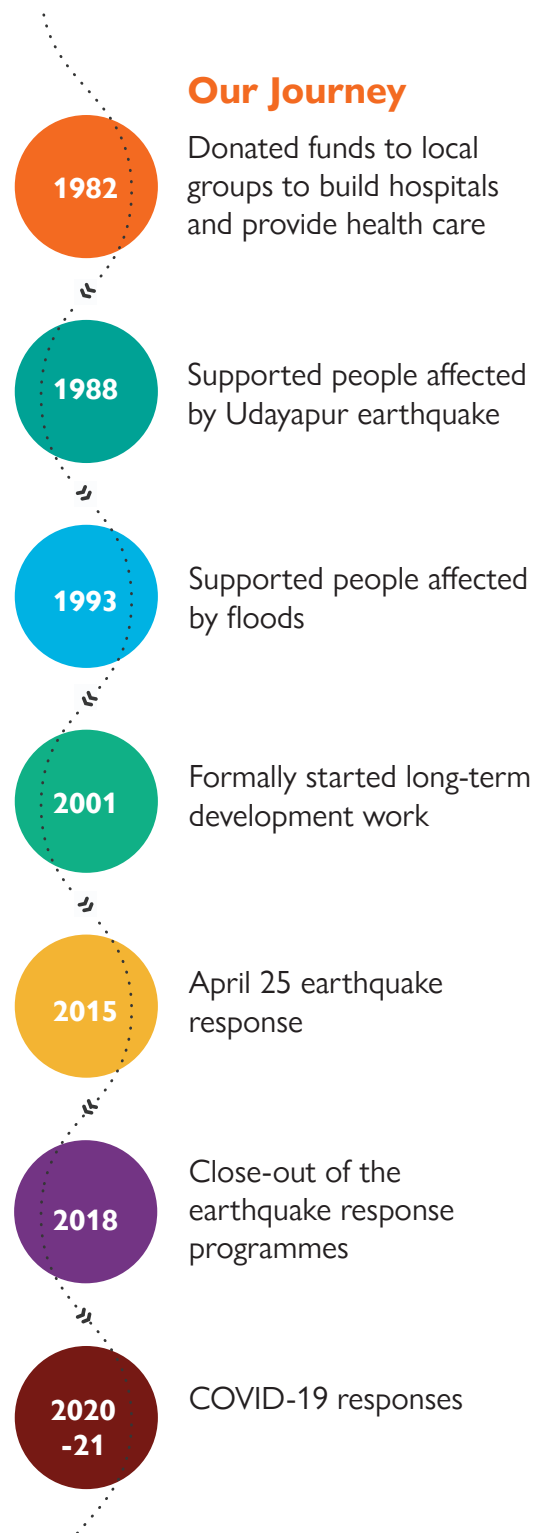

Innovations

Nepal Innovation Lab (NLab) is an innovation centre in the heart of Kathmandu Valley hosted by WVI Nepal. NLab provides a collaborative working environment to ideate, test, prototype, and scale breakthrough solutions for humanitarian and developmental challenges. Innovations that are born in NLab are intentionally co-created with the end users.

It Takes Nepal To End Child Marriage

On August 10, 2017, in partnership with Association of Community Radio Broadcasters Nepal, WVI Nepal launched a five-year campaign "It Takes Nepal To End Child Marriage" in the presence of Right Honourable President Bidya Devi Bhandari.

Our Journey

Where we work

Working districts: **14**

Working provinces: **6**

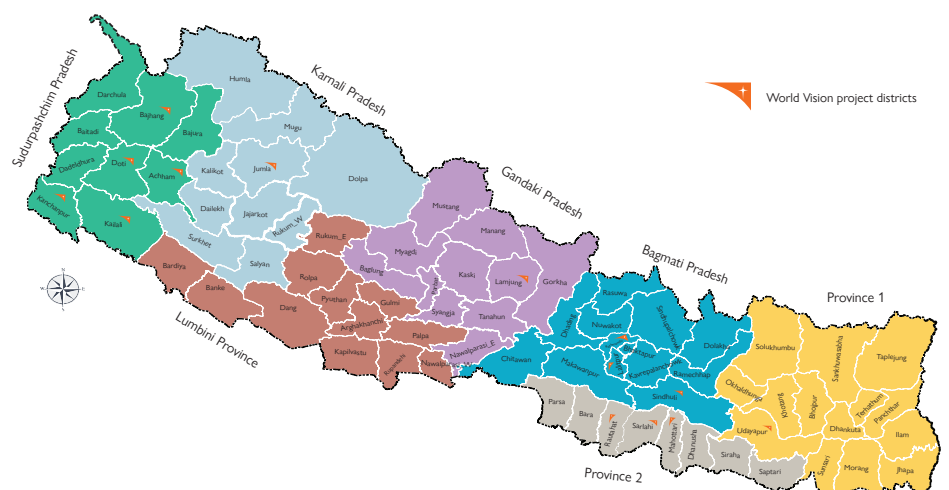

Years in Operation: **20**

Staff: **140+**

Long-term partners: **19**

Advocacy partners: **3**

Partners' staff: **400+**

Support Offices

Canada, Australia, Japan, Korea, Taiwan, Ireland, Hongkong, Singapore, Germany, Switzerland, Malaysia, the US, the UK and the Netherlands
