

WATER, SANITATION & HYGIENE (WASH) FIVE-YEAR BUSINESS PLAN

PROJECT BRIEF

- **Total budget:** US\$ 11,422,877 including US\$ 1,425,000 from WV-US
- **Project timeline:** October 1, 2020 - September 30, 2025
- **Funding Source:** World Vision International, UNICEF Cambodia, and World Food Programme (WFP) Cambodia

PROJECT GOAL

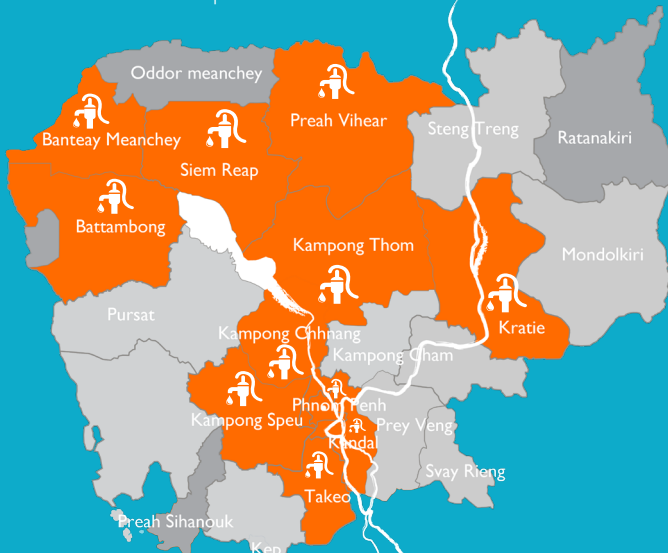

To significantly improve child well-being by enabling families and communities to achieve sustainable access to adequate potable water, improved sanitation facilities, and good hygiene practices.

WASH BASE FUNDING

- It is primarily a conservative fund and it can be considered as matching funds for other grants.
- Funding is allocated to the national office based on their current capacity and existing resources to implement comprehensive WASH projects.
- Providing support to implement WASH business plan in line with WVI's national strategy and technical design documents.
- This budget can be used for hiring, capacity building, and retaining core WASH team for the national office.
- Executing quality integrated WASH projects.
