Who we are

World Vision is a global Christian relief, development and advocacy organization dedicated to working with the most vulnerable children, families and communities to overcome poverty and injustice. World Vision Zimbabwe began its operations in 1973, providing life-saving support to refugees and Internally Displaced Persons (IDPs) during the liberation struggle. Since then the organization has worked to improve the lives of children, their families, and communities in Zimbabwe through both long-term, transitional development programming and short-term humanitarian emergency responses. Our programming focuses on four strategic priorities: **Health, Livelihoods, Education and Life Skills and Water, Sanitation and Hygiene.**

Currently World Vision is operating in 31 districts through long term Sponsorship funded Area Programs and 26 Grant or Private funded programs directly impacting 80,000 children. On an annual basis, our programs impact 2.5 million people and 350,000 children making World Vision the largest humanitarian and development organization in Zimbabwe.

This gift catalogue seeks to give individuals and businesses the opportunity to make tangible contributions towards improving lives of the most vulnerable children and communities in Zimbabwe. We offer a broad selection of projects you can contribute to, across four key program sectors. World Vision will use your donation in the most effective way, guided by the needs of communities. We will share periodic reports on all our programs within which the gifts are donated.

HEALTH

US\$500 will enable marginalized children in distant locations to access life saving immunization services

[MORE DETAILS](#)

For **US\$7** you can capacitate vulnerable communities to raise adequate livestock for food security and income generation

LIVELIHOODS

[MORE DETAILS](#)

EDUCATION AND LIFE SKILLS

With **US\$20** you will help improve equitable learning for the most vulnerable

[MORE DETAILS](#)

WATER, SANITATION & HYGIENE

With your **US\$150** share of a solar-mechanized borehole you will help improve access to clean water for school children and most vulnerable

World Vision has been partnering with communities and the government of Zimbabwe to enhance access to quality health services and ensure optimal utilization of the services. In WVZ's operational areas, less than a third of newborns receive essential newborn care services to prevent them from premature death, over 15% of women give birth outside health facilities in the absence of skilled birth attendants, and there is an average of 21.5% prevalence of stunting amongst children under the age of five. In addition, only 8.36% of the children are receiving a minimum acceptable diet. World Vision is implementing interventions that include access to quality maternal, newborn and child health services, uptake of good health and nutrition behaviours, and strengthening the community health system by building the capacity of Village Health Workers and Health Committees.

HEALTH

Help improve health service access and the nutrition status of children

Lack of access to essential and high-impact health and nutrition interventions for pregnant and lactating mothers as well as children under five years has hazardous implications on the survival and growth of children. Your support can help to avert premature deaths and improve healthy development of children.

New Born Resuscitation Kit US\$2500

Immunization of Children (Share US\$500)

Solar Refrigerator US\$4000

Basic Essential Drug Package (Drugs & Medical Equipment) US\$3000

Will go towards a pool to buy these items for clinics and hospitals

Construction of Waiting Mothers Shelter with Equipment for Expecting Mothers US\$15,000 (one block with toilet, three rooms)
Bags and T-shirts with messaging US\$50 (to incentivize VHWs)

Village Health Worker basic supplies kit US\$20
(Stationery, Mid-Upper Arm Circumference (MUAC)- tape)

Nutrition corners US\$5000

Includes nutrition supplies, Community-based Management of Acute Malnutrition Model (CMAM) treatment, CSB++, Plumpy (Nut) F100, Height Boards, Weight scales, MUAC tapes and TV sets, CD players

Power supply units for Waiting Mothers Shelters & Maternity Wards Set US\$1200

Or Solar panel 400w or 2 x 200w US\$400

2x150AH Gel Batteries US\$600

12V Charge controller US\$100

Invertor and accessories US\$100

Lighting, maternity ward lighting and radio receivers etc. centres- the demand for power will determine the number of units)

Most vulnerable communities lack capacity to raise adequate livestock for food security and income generation. Given that Zimbabwe is largely an agro-based economy, rural small-holder farmers also need support with horticultural farming inputs, tools and implements for agricultural production. Your support will help build capacity and resilience.

LIVELIHOODS

Help build the capacity of vulnerable households

Your support will help enhance capacities.

Goat US\$45
Boer Goat Doe US\$300 (for breed enhancement)
Boer Goat Buck US\$500 (for Breed enhancement)
Cow US\$400 (for a family of five)
Pig US\$100
Free range chicken US\$7
Duck US\$20

Complete Drip Irrigation Kit US\$2500 (for watering 1 (one) hectare)
Ripertine US\$90 (for conservation agriculture)
Ridger US\$170

Direct Seeder US\$370 (for conservation agriculture)
Money Maker Pump US\$250
Hermatic Bag US\$5 (for post-harvest storage)
Wheel barrow US\$40
Sewing Machine US\$250
Fabric US\$300

Peanut Butter making machine US\$500 (For income generation)
Dehuller US\$170
Groundnut Sheller US\$170
Carpentry tools US\$300
Horticultural seed starter pack US\$100 (per family)

Children in rural areas face multiple challenges ranging from distance, inadequate educational infrastructure and supplies. World Vision promotes equal access and quality education for all. We work to help create positive learning environments for both students and teachers by focusing on improved learning and retention for boys and girls and by enhancing, as well as equipping schools with supplies of reading materials and sporting equipment. Your support will help enhance equitable learning for the most vulnerable children.

EDUCATION & LIFE SKILLS

Help improve equitable learning outcomes for children

Families from vulnerable communities do not have adequate resources to send children to school. Your support can help children with access to school and the resources needed to help them thrive there.

School Uniform US\$70 (complete for primary girls)

Dress/Tunic US\$15

Socks US\$5

Shoes US\$20

Bag/Satchel US\$35

Wash

WATER, SANITATION AND HYGIENE (WASH)

Support access to safe water for vulnerable households

The WVZ WASH programme seeks to improve sustainable access to safe water and sanitation and improve hygiene practices for 400,000 children annually. In the majority of the areas where we work 74 % of the population has year round access to safe improved water source while 66% have access to safe improved water source all year round within 30 minutes (TP Baseline, 2018). Mechanization of high yielding boreholes with solar pumping systems helps improve access to safe water to the targeted communities. Lack of access to clean water sources has negative health implications, particularly for children, ranging from cases of illness to death. Your support can help to provide access to life-saving clean water.

US\$150

Solar-mechanized borehole Share

(contributing towards a pool towards borehole mechanization)

Borehole drilling and development US\$5000

(siting, drilling, casing, flushing, capacity testing & water quality testing)

Borehole drilling and equipping with hand pump US\$8300

Borehole Drilling, equipping with solar water pumping from US\$20,000 to US\$65,000 or more (depends on size of population to be served as well as water storage & distribution systems)

Community/institution piped water scheme components

10,000- litre water storage tank US\$1,250

10,000 litre storage tank stand US\$750

5,000- litre water storage tank US\$500

5,000 litre water storage tank stand US\$300

One 20 litter jerry can US\$10 (for one family to store and distribute safe water hygienically)

Help increase sustainable access to Sanitation for the most vulnerable

1x50kg Bag of cement including transport US\$15

Builder tools US\$50 (for use by volunteer village latrine builder)

Construction & equipping of one upgradable Blair Ventilated Improved (uBVIP) latrine US\$150

Construction & equipping of one disability-friendly latrine from US\$300 to US\$500

(cement, mesh wire, enabling equipment, rump hand-washing facility etc.)

Construction & equipping of one girl-friendly latrine US\$400

(cement, mesh wire, hand-washing facility, waste receptacle, tissue holder, mirror)

FREQUENTLY ASKED QUESTIONS

Who will benefit from my gifts and donations?

Your gift or donation will benefit the most vulnerable children and communities in Zimbabwe.

Will World Vision Zimbabwe provide individual reports?

Due to the high volume of gifts and donations, World Vision Zimbabwe cannot provide individual reports for gifts and donations received. However, a consolidated update will be routinely posted on our website.

How does World Vision Zimbabwe identify the most vulnerable?

Selection of beneficiaries is done through a thorough assessment which involves consultations with key stakeholders among them Government and community leaders.

Will I receive a confirmation of my donation?

World Vision Zimbabwe will acknowledge receipt of your donation.

How do I provide feedback?

You can get in touch with World Vision Zimbabwe using the contact details provided below.

How do I contribute?

Gifts are accepted in both cash and kind preferably in line with items in the catalogue. In kind donations should be in reasonable condition.
